All children are offered a snack during the morning and afternoon as normal regardless if they are having a lunchtime meal

**\*Eligibility for Free School Meals places for the HAF Project will need to be confirmed before places are guaranteed**

Swimming is scheduled for Tuesday 30th July, Thursday 1st, Tuesday 6th, Thursday 8th, Friday 9th, Wednesday 14th, Friday 16th and Tuesday 20th August  
Should the Swimming Sessions become over subscribed those who booked first will have priority.  
This has never happened but we do have to have a plan just in case.

If you have booked sessions on either of these days, please take time to read carefully the details below.  
Then include your choice as to whether you'd like your child to Swim with or without armbands or not Swim at all.

**S** = A competent and confident swimmer that does not need armbands

**A** = A swimmer that needs Armbands or Buoyancy vest and is not afraid that they may be out of their depth\*

**N** = You do not wish for your child(ren) to swim

\*Brune Park School swimming pool is just over 1 m deep at its shallowest. Younger and smaller children can find it unnerving to be out of their depth constantly, especially if they are less confident in swimming pools.

**I must stress that the Swimming sessions do not incorporate any element of instruction. The Lifeguards do not get into the water unless it's an emergency. Please do not put your child into either of Groups S or A if they have little or no experience. There will be other activities for them to enjoy if they are not swimming.**

All swimmers whether with or without armbands and buoyancy aids do have to perform a pool test relevant to the group. If the Lifeguard feels that a child is not competent, they will not be allowed to swim in the pool for their own safety.
